2800PSI
GASOLINE POWERED
PRESSURE WASHER

W2800H
Model:

Power, versatility, and convenience come together in Pulsar's W2800H to give you more effective outdoor cleaning capability where you need it most. With 2800 PSI and a 2.5 GPM flow rate this pressure washer is capable of tackling even the toughest of jobs. Designed with oversized wheels and a cushion grip handle for easy storage and maneuverability. Features like the added quick connect nozzles allow you to quickly and efficiently clear way caked on dirt and debris from a variety of different surfaces. The ergonomic spray gun and 25' high pressure hose provides a wider range of motion and make those hard to reach places a thing of past. Whether at home or at work the W2800H is the clear choice for all your outdoor cleaning needs.
