## GNV29CB 29" Curved Gaming Monitor

- ▮ **ULTRAWIDE FULL-HD** — Pixels packed with detail and brilliant colors. Its 107% sRGB color gamut is ideal for anyone who needs high color accuracy. And the ultrawide screen real estate can enhance productivity.
- ▮ **GAME-READY 120Hz MONITOR** — Smoother video transitions with zero dropped frames. Perfect for movies and video conferencing. The higher refresh rates help reduce eyestrain during extended use.
- ▮ **ALL-IN-ONE SOLUTION** — Work. Play. Create. Experience. From the true cinema-quality 21:9 aspect ratio to the dual-input PIP/PBP integrated productivity tools. This compact desktop monitor works for entrepreneurs, casual gamers and content creators alike.
- ▮ **TIGHTLY CURVED & FULLY IMMERSIVE** — The 1200R monitor curvature not only adds comfort to your daily viewing, it also contributes to a greater sense of immersion and realism to games and movies for a more enjoyable experience.
