GNV27CB 27-Inch 165Hz Gaming Monitor

HYPERFAST 165Hz

Push the viewing experience to the max with smooth transitions, flick-free video and zero dropped frames.

STUNNING IMAGES & COLOR

Industry-leading VA panel provides 250-nit max. brightness and 1920x1080p resolution with expansive 3000:1 contrast ratio.

STUNNING DISPLAY

Images are delivered that are rich with color thanks to a super wide gamut. Every pixel pushes vivid details and clarity to the screen.

DEEPER, TIGHTER, BETTER

The native 1800R curvature covers more of your field of vision, letting you comfortably see more of your content.

GAME-WINNING FEATURES

Play your best with Viotek Gaming Suite: Adaptive Sync (G-Sync/FreeSync-compatible), FPS/RTS, GAMEPLUS crosshairs.

ZERO-TOLERANCE DEAD PIXEL

We don't play with dead pixels. Neither will you. Protected by our best-in-class dead pixel policy and 3-Year Guarantee.
